- Case Studies Bulgaria and Slovenia

A proposed Law for Balanced Regional Development

Why Kosovo should draft the legislation for RED ?

A proposed LAW for balanced regional development consist 16 articles:

- Purpose of law;
- Content the definitions;
- Goals of the policy;
- Basic Principles of Regional Development;
- Planning regions;
- Areas with specific development needs;
- Planning Documents;
- Strategy for Regional Development
- The Strategy defines:

A proposed Law for Balanced Regional Development

- Stakeholders for stimulation of balanced regional development:
- Council for balanced regional development of the Republic of Kosovo;
- Ministry of Local Self-Government;
- Regional development sources of financing;
- Allocation of funds for stimulation of balanced regional development;
- Monitoring the implementation of regional development planning documents and projects;
- Supervision of implementation of the law.

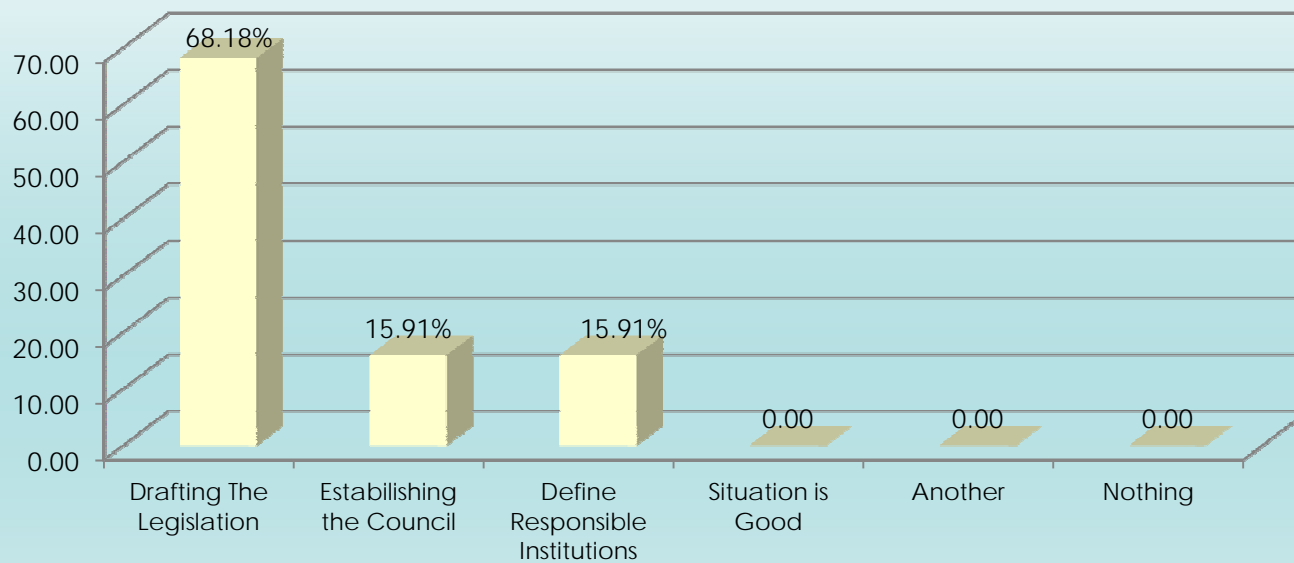

Recommendations

1. Drafting the Law for Balanced Regional Development
2. Drafting the national strategy for Regional Economic Development
3. Establishing a council which will be responsible for implementing this process
4. Responsible institution for monitoring this process
5. Drafting the guide for regional economic development
